

Risk Assessment: Environmental Art

Reviewed: May 2018

Next Review Date: May 2019

Assessment undertaken by: Chris Martlew, Senior Instructor

L = LOW M = MEDIUM H = HIGH

Hazards	Effects	Who is effected	Risk		Methods to Avoid/Reduce Risk
			Likelihood	Consequences	
Village Trail					Village Trail
Getting lost (whole or individuals in the group)	Stray into hazardous/private area Centre not aware of the location of the group Lost Participant not under safety cover of staff	Individual	L	L	Instructor to be aware of lost child procedure Instructor to brief group and leaders before walk
Road traffic	Minor to major injury or death	Individual	L	H	First aid kit to be carried at all times Groups to be briefed on correct procedure for crossing roads Hi-Visibility jackets to be used if available or compulsory if visibility is bad or dawn and dusk times dictate their need
Suspicious persons	Harassment/abduction	Individual	L	H	Phone carried by instructor Instructor to brief group before walk Instructor to be aware of lost student procedure Instructor to meet all groups at the mill
Tripping over, falling and slipping	Broken limbs, sprains, bruising, and cuts	Individual	M	L	Dynamic risk assessment to be carried out Appropriate footwear to be worn by group Phone and first aid kit to be carried Torches to be carried if dawn and dusk times dictate their need.
Overhanging branches	Head/eye injury	Individual	L	L	Torches/first aid kit to be carried Instructor to brief group and leaders before walk
Weather – cold, rain, wind	Increased potentials for falls or slipping over Hypothermia, injury to body	All	H	M	Group to be advised on appropriate clothing and footwear Hot drink, survival bag and first aid kit to be available if weather dictates Instructor to be aware of weather forecast
Falling into river	Shock, hypothermia, injury, panic, drowning	Individual	L	H	Phone carried by instructor Instructor to brief group and leaders before walk Instructor to be aware of lost group procedure Instructor to meet all groups at the mill
Flooded river (in spate)	Increased potential for	Individual	L	H	Cancel session

	falling in Flooded path Group swept away, drowning				
Insect bites	Stings, allergic reactions, anaphylactic shock	Individual	L	L/M/H	Have any personal medication handy
Darkness	Difficulty with group control e.g. behaviour, location, walking safety	All	L	L	Torches carried at all times Group briefed and counted before walk Phone to be carried by instructor Instructor/Leaders to wear florescent jackets Instructor to lead walk, leaders spaced throughout group
Scissors	Cutting hands, fingers or penetrating wounds.	Individual	L	M	Instructor to closely monitor the participants using scissors and safety scissors will be used.
